

| Time (CET times) | Topic   | Presenter                  |
|------------------|---|----------------------------|
| 14:00 - 14:30    | Presentation of the program – 1st year work and deliverables - Discussion   | George Petekidis (FORTH)   |
| 14:30 - 15:00    | Experimental advances at FORTH (transfer of knowledge on AFM and combinations) (WP2, D2.4) - Discussion                   | Emmanouil Glynos (FORTH)   |
| 15:00 - 15:30    | Synthesis and functionalization of Cellulose based systems (WP2, D2.1, D2.2) – Discussion                                 | Eva Vassilaki (FORTH)      |
| 15:30 - 16:00    | Experimental advances on Optical Microscopy based techniques for soft matter systems under shear (WP2, D2.3) – Discussion | Nikos Kalafatakis (UNIVIE) |
| 16:00 - 16:15    | Coffee break  |                            |
| 16:15 - 16:45    | Modeling and simulation techniques for Green Soft Materials – Discussion  | Lisa Sappl (UNIVIE)        |
| 16:45 - 17:15    | Dissemination plan – Industry/Academia Liaison office - Discussion (WP 4, WP 5)   | Kostas Vavekis (EUGLOTTIA) |
| 12:30-14:00      | New EU calls and proposals – Discussion   | Benoit Loppinet (FORTH)    |
